Kurzbeschreibung

Joss and Braden Carmichael are blissfully married living in their townhouse on Dublin Street with their three beautiful children. It's a life Joss never expected to have, and one she's grateful for every day. But... what if she never met Braden and Ellie Carmichael on that fateful day when she was only twenty-two years old?

When Joss is asked to write a story about how her life might have turned out if a pivotal moment in it never happened, she thinks of the day she met both Braden and Ellie Carmichael. If she had never met them where might she have ended up? Joss believes no matter where life may have taken her it would have inevitably led her to Braden. But what if she was thirty instead of twenty-two when they met? How would she have felt about risking her heart then? And even if she was older and wiser and ready to fall madly in love, what if too much had happened to Braden to make him the man that would risk his heart to save hers? Will time be their enemy... or is it possible that two souls are meant for one another in any reality?

Stars Over Castle Hill is an alternative reality novella of the #1 international bestselling romance On Dublin Street, a story that captured the hearts of readers all over the world. Joss and Braden are back with a tale that is just as emotional, passionate and sexy as their first!
